

AIM August 2018 Prayer Meeting Notes

We discussed the desire for a Prayer Room open to ALL churches in Ashford perhaps sourced via the CTA where we could have 24/7 prayer/ boiler room/ sanctuary place for all to be able to access.

We were asked to consider prayer walks into the outskirts of Ashford as well as the Town as there was a feeling that the Town was covered but the issues may well be spilling out as a result.

We prayed that our Churches would all be Local Houses of Prayer - there had been some recent LHOP training at Aldington. We prayed that we would be a Pentecostal people where we, having received the Holy Spirit, would run to people to share the Good news. Whereas we often feel this is difficult in our own strength and so asked to be filled so that we do what the Lord wants, where He wants and when He wants.

We thanked God for the transformation of Ashford that is underway but said as AIM we wanted a complete transformation where people would flood into our churches, repenting and turning to Christ so that the Lords name could be glorified. We asked for Him to open the way for us.

We prayed for the Leaders of all our Churches, that they would be protected and blessed. We prayed for Together Ashford, CTA and AIM and that if there was to be a divine link between these 3 organisations that God would join us together and make it strong. We thanked the Lord for all the prayer walking that was now taking place. We asked for a move of the spirit in Victoria Park and for anything that was not of the Lord to be driven out and for young people frequenting the park to be protected.

We prayed for those receiving exam results and for Hope to present even in the face of disappointment.

We prayed that the Kingdom of God would be real to everyone, that He would open our eyes to see and for us to be bold and to stand

and declare the Kingdom of God is real and near. For the Lord to show signs and wonders so that unbelievers can see and be saved.

AUGUST 2018 PRAYER MEETING

We prayed for the Street Pastors who Prayer Walk each week in their work and are such a visible sign of the Kingdom and Heaven touching Earth. We prayed that thy Kingdom would come on earth as it is in Heaven and that the Lord would help AIM to make that happen.

There was a picture of a concrete post with metal re-enforcements but it was still crumbling – it was built to last but wasn't. The Church can put structures in place but still not reach the lost. We need to keep looking until the way directed by the Lord is found.

We prayed further for a boiler room for use by multiple churches/peoples and that Prayer would become the backbone of our churches and our churches would thrive as a result.

We prayed for a strengthening of the Ring of Fire – for absent members of AIM and that the Lord would move amongst us a members of AIM so that we became the people He wanted us to be and were able to do what He wanted done in Ashford.
